HYDRAULIC DRIVEN PUMPS

Ideal multi purpose fire fighting pump. Safer more reliable way of fighting fires.

ADVANTAGES

- No PTO shaft
- No petrol
- Hydraulic hoses connect to the tractor hydraulics and shift lever to operate
- The unit can be mounted anywhere, because hydraulic hoses allow it
- The hydraulic drive unit has proved to be very reliable

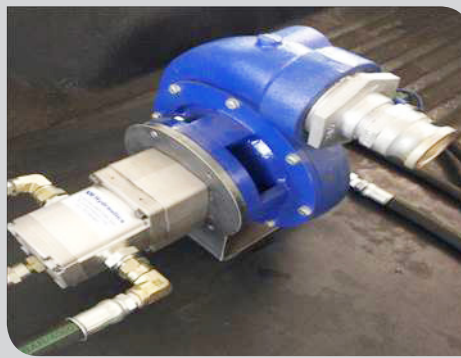

Single stage

Twin stage

BB Cast Iron Pump

Tractor Trailer Hydraulic Brake Kits

	Single Stage	Twin Stage	BB Cast Iron
Used for	Bush and grass fires, fire breaks	Larger Fires, sugar cane fires, timber yard, bush fires	Multi Purpose, Chemical and water pump
Hydraulic oil flow pressure required	Min 25l/min of hydraulic oil flow	Min 30l/min of hydraulic oil flow	Min 44l/min of hydraulic oil flow
Performance	250l/min at 6 bar with 12 mm nozzle	400l/min at 6 bar with 16mm nozzle	685l/min at 7.5 bar with 18mm nozzle
Reach	35m	45m	55m plus
